Influencing Nations with Judeo-Christian Truth

A voice of one calling in the desert: "Prepare the way for the Lord; make straight in the wilderness a highway for our God. Every valley shall be raised up, every mountain and hill made low; the rough ground shall become level, the rugged places a plain. And the glory of the Lord will be revealed, and all mankind together will see it. For the mouth of the Lord has spoken." A voice says, "Cry out." (Isaiah 40:3-6)

Recent Highlights:

Insights on the Current Season: Recently I mentioned to a married couple in Birmingham that we are in a *season of shaking* and that it was my prayer that their children would be "stirred, not shaken" during these times of testing. This phrase produced a little laughter (i.e., think of James Bond). May we be stabilizing influences in the lives of children in these days of testing. May we be stably anchored and provide hope to others. The world is placing before us plenty of confusion and distraction, and I anticipate even more so in the months ahead. One example for instance, I continue to be discouraged by the proud attitude and erroneous strategy of US Secretary of State Condi Rice concerning her attempt to "force" peace in the Middle East by coercing Israel into making ridiculous concessions of land. Her thoughts and actions are unwise and likely to boomerang resulting in greater instability. Oh God of Abraham, Isaac and Jacob, please send precise and accurate prophetic counselors to President Bush and his leadership team, and remove from their ears the self-serving sounds of false teachers and false prophets, who are so numerous. Clear a path for reliable prophetic voices.

While traveling in the US recently John Manwell declared a significant "word" that he has received about embracing the "*shift*" in our lives at this time. God desires for us to see with a fresh perspective what He desires, and for us to align our lives to His revealed plans. This will be disruptive for many of us. John prophesied a significant "shift" of considerable magnitude in the near future, and now is the time to shift our thinking in readiness. To the watchmen in our midst, is this not a season of *shaking, stirring, and shifting*?

New Book Completed: Another book, entitled "Hope When Everything Seems Hopeless" was submitted in May to the publisher. I have no doubt that this book was written in alignment with prophetic timeliness. This is a message of hope that will be needed by many in the days soon ahead. May it impact the lives of thousands of people once it becomes available.

Liverpool & London: John Manwell and Les Nutall of The Well hosted a team organized by Brad Lindsey, to participate in Liverpool in the bicentennial celebration of the abolition of slave trade by Lord Wilberforce. We also assisted two of our friends from KMI, Felicia and Crystal of *Refined Gold*, who were invited as dancers. The PC team led by Brad also visited friends of ours in London for several days.

Chris Adkins in India: We sponsored Chris Adkins to work as a volunteer for several months at the Mission India Theological Seminary in Nagpur (www.rimi.org). He is soon to enter graduate school in library science at the University of Alabama, and therefore helped to establish the new library on the Nagpur campus. Chris also performed as a singer-songwriter in worship, and learned some Hindi.

China: In March/April a Path Clearer team consisting of John Manwell, Les Nutall, Samuel Sorinmade, and Tom Dooley visited three cities in China. The team interacted with churches, non-governmental organizations (NGOs), and businesses in Beijing, Guangzhou, and Kunming. Separate from that trip a

small group of Auburn University students, including Jeannette Dooley, traveled to Kunming for a short-term trip in July. The team of students visited remote village sites in Yunnan Province.

Board Members Relocating: Heather Neighbors has followed a calling in her spirit to relocate from the US to Sydney, Australia. We had the bittersweet honor of blessing her new endeavor, as she moves forward into new territory “down under”. Another board member, Catherine Dooley, is entering graduate school at the University of Florida in Gainesville, to pursue a PhD in mathematics. We look forward to how the Lord will lead and utilize Heather and Catherine as instruments in His hands. We expect great things from both of them, as the Lord grants them influence into the lives of many people.

Washington State: The Dooley family spent June and July in Seattle, Washington. Several solid relationships were reinforced, for instance with the Pearson and Cundy families. While in the Northwest we also attended a Native American Pow Wow in Portland to meet up with Richard Twiss, the author of *One Church Many Tribes*.

The Call: On 7-7-7 Don Stewart and Jacob Waldrop, plus many other friends, were participants in a large prayer gathering for young adults in Nashville, TN organized by Lou Engle and Ray Hughes.
